CITY OF JOHNSTOWN, PENNSYLVANIA

RESOLUTION NO. 9848

WHEREAS, the North American Free Trade Agreement (NAFTA) and similar trade policies are directly responsible for approximately 3.5 million lost jobs in the United States, increasing unemployment, while also reducing tax revenue for schools, infrastructure and other critical public services and driving down the wages and benefits of the jobs that are left behind; and

WHEREAS, these trade agreements have also been devastating for working people in developing countries, forcing countless family farmers off their land and encouraging a global race to the bottom in working conditions; and

WHEREAS, the proposed Trans-Pacific Partnership (TPP) is poised to become the largest Free Trade Agreement in the world, with a dozen countries already included, but also containing a “docking” mechanism that would allow new countries to join over time; and

WHEREAS, a number of the current TPP negotiating countries have atrocious labor standards, with some actually banning independent trade unions and even being promoted as low cost labor alternatives to China; and

WHEREAS, there is no indication that U.S. negotiators are pushing for the TPP to include enforceable labor standards based on core International Labor Organization conventions regarding child labor, forced labor, freedom from discrimination and the right to organize; and

WHEREAS, leaked TPP documents reveal U.S. negotiators pushing for provisions that would allow transnational corporations to challenge U.S. laws, regulations and court decisions, as well as those of other countries, as so-called “regulatory takings” through a private tribunal system that circumvents domestic judicial systems, thereby threatening future environmental, consumer safety, labor and financial rules and other democratically-enacted public interest regulations; and

WHEREAS, leaked TPP documents further reveal U.S. negotiators pushing for provisions that would effectively extend the length of drug patents, thereby reducing access to affordable generic medications at home and throughout the world; and

WHEREAS, U.S. trade negotiators have granted hundreds of corporate lobbyists access to the TPP negotiating texts, but have flatly refused to tell the American people what they are proposing in our names; and

WHEREAS, the world cannot afford a "NAFTA of the Pacific".

THEREFORE, be it resolved, that the City of Johnstown opposes the Trans-Pacific Partnership and calls on our U. S. Senators and Representatives, and all candidates for federal office, to do likewise.
