

This program is to help people stay connected during the Covid-19 pandemic.

Households can apply by going to getemergencybroadband.org or by calling (833) 511-0311

What is the Emergency Broadband Benefit Program?

The Emergency Broadband Benefit Program is a [Federal Communications Commission \(FCC\) program](#) that provides a temporary discount on monthly broadband bills for qualifying low-income households. If your household is [eligible](#), you can receive:

- Up to a \$50/month discount on your broadband service and associated equipment rentals
 - Up to a \$75/month discount if your household is on qualifying Tribal lands
- A one-time discount of up to \$100 for a laptop, tablet, or desktop computer (with a co-payment of more than \$10 but less than \$50)

Only one monthly service discount and one device discount is allowed per household. To receive the connected device discount, consumers need to enroll in the EBB Program with a participating provider that offers connected devices (not all service providers offer device discounts). The service provider will provide the discount to the consumer.

The program will end when the fund runs out of money, or six months after the Department of Health and Human Services declares an end to the COVID-19 health emergency, whichever is sooner
