Copies of the FY 2020 CAPER are available for review at the City of Johnstown's Department of Community and Economic Development Offices. The FY 2020 CAPER, which was the first CAPER for the FY 2020-2024 Five Year Consolidated Plan, was submitted to HUD by June 28, 2021. AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

While preparing the FY 2021 Annual Action Plan, the City of Johnstown consulted with the Johnstown Housing Authority, social services agencies, housing providers, and members of the Eastern Pennsylvania CoC's South Central Regional Homeless Advisory Board (RHAB), which includes nine (9) counties in South Central Pennsylvania, including Cambria County.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

The City of Johnstown works with the following agencies to enhance coordination:

- **City of Johnstown, Department of Community and Economic Development (DCED)** - oversees the CDBG and HOME programs.
- **Johnstown Housing Authority** - oversees the Section 8 Housing Choice Voucher Program, improvements to public housing communities, and the development of scattered site affordable housing.
- **Social Services Agencies** - provides services to address the needs of low- and moderate-income persons.
- **Housing Providers** - rehabilitates and develops affordable housing for low- and moderate-income families and individuals.
- **Eastern Pennsylvania CoC - South Central RHAB** - oversees the Continuum of Care Network for Central Pennsylvania for the following counties: Adams, Bedford, Blair, Cambria, Centre, Franklin, Fulton, Huntingdon, Somerset.

A part of the CDBG and HOME application planning process, local agencies, and organizations were invited to submit proposals for CDBG and HOME funds for eligible activities. These groups participate in the planning process by attending the public hearings and submission of funding applications.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City of Johnstown is part of the Eastern PA CoC, South Central Regional Homeless Advisory Board (RHAB), which oversees the Continuum of Care Network for Central Pennsylvania for thirty-

three (33) counties. Cambria County agencies in the CoC, which serve the City of Johnstown, include the Cambria County Redevelopment Authority, Northern Cambria Community Development Corporation, the Community Action Partnership of Cambria County, Catholic Charities, Salvation Army, Southwestern Pennsylvania Legal Services, and the Women's Help Center.

CoC standing committees, membership, and functions are defined in the Governance Charter. Committee members are recruited by the Board or by the Committee and are drawn from the CoC and community-at-large to provide needed expertise. Key to meeting the goals of Opening Doors, which is the nation's first comprehensive federal strategy to prevent and end homelessness, include: 1) Data Management, Collection, and Outcomes Committee, which develops and maintains a system for tracking CoC performance outcomes and progress in meeting goals of Opening Doors; 2) a Funding Committee, which develops ranking criteria; reviews and ranks projects; and determines a reallocation strategy to best meet the Opening Doors goals; and 3) an Ad Hoc Coordinated Entry Committee, which works with a consultant to oversee Coordinated Entry planning and provides tools for the CoC to meet Opening Doors goals.

The CoC solicits and considers a full range of opinions through the five (5) Regional Homeless Advisory Board (RHABs) monthly meetings and semi-annual full CoC meetings. Both forums provide opportunities for knowledgeable persons to provide input and assistance in ending homelessness. The RHAB Co-Chairs represent multiple interest groups including: CDBG Jurisdictions, Public Housing Authorities, domestic violence service providers, Veterans, youth service providers, Community Action Partnerships (CAP), homeless service providers, and faith-based organizations.

The Eastern PA CoC intends to release RFPs for Rapid Rehousing and Permanent Supportive Housing projects once HUD releases their 2021 NOFA application. In addition, HUD has added the category of Joint Transitional Rapid Rehousing that combines elements of both Rapid Rehousing and Permanent Supportive Housing. The CoC will also accept applications for Joint Transitional Rapid Rehousing. The CoC set "threshold" requirements for all new projects, including: Housing First priority; providing assistance with Mainstream Benefits; experience with the population proposed to be served; cost-effective; and client-centered/culturally competent services. Projects prioritized included those proposed in communities where significant TH resources were reallocated, and those targeting one or more "Opening Doors" populations.

The CoC collaborated with twelve (12) of thirteen (13) Consolidated Plan Jurisdictions. Pennsylvania's Department of Community and Economic Development (PA-DCED), the Collaborative Applicant, covers thirty (30) of forty-two (42) CoC Preliminary Pro Rata Need (PPRN) Geographies. PA-DCED uses web-based forums for annual meetings with Regional Housing Advisory Committees (RHACs). The RHACs include state grantees, housing officials, developers, nonprofits, CoC Chairs and PA-DCED staff. As part of the citizen participation process, members of the CoC receive notice of public meetings, documents available for review, and citizen

comment periods. The County and City Consolidated Plan Jurisdictions follow the Consolidated Plan guidelines for consultation, including interviews, surveys and focus groups with stakeholders that are knowledgeable about homelessness in their communities.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The South Central Regional Homeless Advisory Board (RHAB) comprises a diverse set of representative stakeholders throughout the region, including many social service and governmental organizations. The RHAB identifies regional and local homeless issues; coordinates regional planning; identifies regional housing gaps and needs, strategies, and priorities; provides input for Supportive Services for Veterans Families (SVF) and Emergency Solutions Grants (ESG) applications; participates in completion of the CoC application; monitors Homeless Management Information Systems (HMIS) participation and implementation; and coordinates the Point in Time (PIT) count and AHAR.

Most ESG funding for the Eastern PA CoC is allocated by PA-DCED. The CoC participated in developing priorities, target populations, outcome measures, and evaluation processes for ESG, including prioritizing Rapid Rehousing. They also had input on the development of the scoring tool used to select ESG proposals for funding. Each year, they provide input on applicants, including: CoC participation, coordination with other providers, and capacity. PA-DCED, as the Collaborative Applicant and HMIS Lead, has access to Point in Time Count (PITC) and Homeless Management Information System (HMIS) data. Coordination between the CoC and ESG funding will be furthered through CoC/ESG strategic planning.

Other than CoC, ESG, Housing Choice Voucher Programs and Public Housing, there are other subsidized or low-income housing opportunities that exist within the CoC that target persons experiencing homelessness. Multiple funding sources are being used in the Eastern PA CoC to provide affordable housing for persons experiencing homelessness including: State Pennsylvania Housing Affordability and Rehabilitation Enhancement Fund (PHARE) funds through the Pennsylvania Housing Trust Fund, Low Income Housing Tax Credit (LIHTC), Federal Home Loan Bank Affordable Housing Program (AHP), Section 811 Rental Assistance, and additional resources planned through the PA Department of Human Services Five Year Housing Plan targeting homeless, which includes expanding affordable housing and housing services funded through Medicaid.

Recipients of ESG in Cambria County include the Cambria County Redevelopment Authority, Community Action Partnership of Cambria County, Catholic Charities of Cambria County, and the

Women's Help Center. The Cambria County Redevelopment Authority administers the ESG Grant for Cambria County.

Throughout different times of the year, the CoC and the HMIS lead work together to assess data quality throughout the CoC. This includes working on Annual Homeless Assessment Report (AHAR) submission, the PIT count, project review/ranking, and working with individual programs while completing their Annual Performance Reports (APRs). Participation among Emergency Shelter (ES) providers in HMIS remains the most significant challenge. This is most significantly related to the lack of participation among non-HUD funded volunteer/faith-based ES, as well as the lack of participation among providers of seasonal shelters and hotel/motel vouchers. According to the Eastern PA CoC, the largest overall barrier to HMIS-participation remains non-HUD funded volunteer and faith-based operated projects and VA-funded projects, such as VASH. Additional outreach to volunteer and faith-based organizations will occur through the implementation of coordinated entry. Increased engagement and education among these groups should lead to increased HMIS participation. The CoC will work with Veterans to improve participation among VA-funded projects. In regards to VASH, the CoC built a new bed/voucher-based process within the CoC's HMIS and will begin piloting this enhancement with Public Housing Authorities.

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Rationale for funding activities were based on the eligibility of the activity, the activity must meet a national objective, and evidence of the need in the City or by the agency/organization. Additional consideration was given based on the agency/organization's past history of expenditure of CDBG and HOME funds, and the ability to leverage other funds for this activity. The City of Johnstown will provide CDBG and HOME funds to activities principally benefitting low/mod income persons in the City. Such assistance is not directed to any specific geographic area, but based on income benefit.

The City of Johnstown allocated its FY 2021 CDBG and HOME funds to provide assistance with activities that met the underserved needs of the residents. The activities that meet HUD criteria for benefit to low-

and moderate-income households are located in those Census Tracts or Block Groups that are defined as low/mod area in the City.

The City of Johnstown has established the following criteria for residents when establishing priorities for housing related CDBG projects:

- Those who are considered to have very low-, low-, or moderate-incomes
- Those who are cost-burdened and pay more than 30% of their median household income for housing
- Those who live in substandard housing
- Those who live in overcrowded housing
- Residents who live under any combination of the above
- First-time homebuyers, including potential homeowners who are minorities
- Homeless individuals and families in need of emergency shelters, transitional shelters, and permanent housing

For non-housing and community development needs, the following were the identified objectives:

- Improve the Public Infrastructure: Street, Sidewalk, and Other Infrastructure Improvements
- Enhance Youth Recreation Programs/Crime Prevention
- Encourage the Acquisition and Rehabilitation of Commercial/Industrial Facilities
- Assist with Commercial/Industrial Improvements
- Create a Loan Funding Mechanism for New and/or Expanding Businesses in the NRSA and through-out the City
- Plan for Future Growth and Improvements

The City of Johnstown does not anticipate any obstacles in the performance of the FY 2021 CDBG activities. Affordable housing and/or financial housing assistance for qualified residents was identified as the largest underserved need in the City of Johnstown in the Five Year Consolidated Plan. The primary obstacle to meeting the underserved needs is the limited financial resources available to address the identified needs in the City. The City of Johnstown will continue to partner with other agencies when feasible to leverage resources and maximize outcomes in housing and community development programs.

Geographic Distribution

Target Area	Percentage of Funds
Citywide	100%

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Most of the City's FY 2021 activities are operated on a citywide basis. The City cannot predict which homeowners or businesses will apply for assistance, what parts of the City will require code enforcement, which structures will require demolition, etc. Therefore, the City cannot allocate funds geographically within the City on a pre-determined basis. Instead, the City can only report the geographic distribution of funds in its CAPER, which are limited to low- and moderate-income areas.

Rationale for funding activities were based on the eligibility of the activity. The activity must meet a national objective, and evidence of the need in the community or by the agency/organization must be presented. Additional consideration was given based on the community's or the agency/organization's past history of expenditure of CDBG funds; the ability to leverage other funds for this activity; the ability to complete the project in a timely manner; and whether the FY 2021 request was related to projects that if not funded, would result in a special assessment against low-income homeowners. The City of Johnstown will provide CDBG funds to activities principally benefitting low/mod income. Such assistance is not directed to any specific geographic area, but based on income benefit.

Affordable housing and/or financial housing assistance for qualified residents was identified as the largest underserved need in the City of Johnstown in the Five Year Consolidated Plan. The primary obstacle to meeting the underserved needs is the limited financial resources available. The City of Johnstown will continue to partner with other agencies when feasible to leverage resources and maximize outcomes in housing and community development needs.

In its 2020-2024 Five Year Consolidated Plan, the City of Johnstown defined areas of racial or ethnic minority concentration as geographical areas where the percentage of a specific minority or ethnic group is 20 percentage points higher than in the City overall. The most recent data available on the concentration of racial or ethnic minorities is the 2013-2017 American Community Survey 5-year estimates by Census Tract and Block Group. According to this data, the City of Johnstown has an overall minority population of 25.3% of its total population. By HUD's "minority neighborhood" definition, a Census Tract or Block Group in Johnstown would have to have a minority population of at least 40% to be considered a minority neighborhood.

According to the 2013-2017 ACS, Black or African American residents made up 3.3% of the Johnstown Metropolitan Areas population. The following Census Tracts and Block Groups have a higher Black or African American population that is 20 percent higher than the Johnstown Metropolitan Area, which meets the HUD definition of a "Minority Area."

- C.T. 000100 B.G. 5
- C.T. 000200 B.G. 2
- C.T. 000300 B.G. 1
- C.T. 013400 B.G. 1
- C.T. 013600 B.G. 2
- C.T. 013600 B.G. 1

Additionally, two (2) block groups are considered areas of concentration of people that are two or more races. These two block groups are:

- C.T. 000600 B.G. 1
- C.T. 000700 B.G. 3

The CDBG Program includes a statutory requirement in which at least 70% of funds must benefit low- and moderate-income (LMI) persons. As a result, HUD provides the percentage of LMI persons in each block group for entitlements such as Johnstown. HUD data reveals that in 26 of the City's 28 block groups, the percentage of LMI persons exceeds 51%. All of the block groups in the census tracts identified as areas of “minority concentration” are also areas of concentration of LMI persons. The City of Johnstown overall low- and moderate-income percentage is 69.94%.

AP-60 Public Housing – 91.220(h)

Introduction

The Johnstown Housing Authority (JHA) is the only municipal housing authority in Cambria County that is designated to oversee public housing. Johnstown Housing Authority has eleven (11) public housing developments in Cambria County consisting of a total of 1,504 public housing assisted units. Nine (9) of these developments are in the City of Johnstown. There are a total of 983 units for general occupancy, 251 units for mixed populations (elderly or disabled), and 270 units for elderly occupancy.

Actions planned during the next year to address the needs to public housing

Each year Johnstown Housing Authority (JHA) receives an allocation of funds from HUD under the Capital Fund Program to undertake physical improvements. In addition, the JHA receives operating subsidies to offset the operating deficits associated with public housing units and to carry out maintenance. The Johnstown Housing Authority received \$3,635,867 under a HUD Capital Fund grant for FY 2020.

The Housing Authority is using the FY 2020 grant amount for the following activities:

- **Operations** = \$365,000
- **Administration** = \$360,963
- **Fees and Costs** = \$140,000
- **Site Improvement** = \$95,000
- **Dwelling Structures** = \$2,272,819
- **Non-dwelling Structures** = \$402,085
- **Total** = \$3,635,867

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The JHA has an active Resident Advisory Board which consists of five (5) Public Housing Residents. The Resident Advisory Board provides input on such things as the Operating Budget, Agency Plan (Five-Year Plan), Annual Plan, and Policies.

JHA has active Resident Councils at five (5) of its communities. The Authority meets with the community residents on a monthly basis to update them on activities, programs and various stages of modernization on their respective communities. They are also consulted in the preparation of various projects and plans for submission to HUD. Council presidents report on the various initiatives at their developments.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Johnstown Housing Authority is not designated as "troubled" by HUD. Therefore, no assistance is needed to improve operations of this Public Housing Authority.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The Eastern PA CoC serves a total of thirty-three (33) counties. The 33 counties are organized into five (5) geographically dispersed Regional Homeless Advisory Boards (RHABs). The City of Johnstown belongs to the South Central Pennsylvania Regional Homeless Advisory Board (RHAB) which oversees the Continuum of Care Network for Central Pennsylvania for nine (9) counties. The South Central RHAB includes Adams, Bedford, Blair, Cambria, Centre, Franklin, Fulton, Huntingdon, and Somerset counties.

According to the Governance Charter for the PA Eastern Continuum of Care Collaborative, the mission of the PA Eastern CoC is to end homelessness throughout the 33-county Continuum of Care. The CoC works toward ending homelessness by providing a framework for a comprehensive and well-coordinated regional and local planning process. This includes identifying needs, conducting a system-wide evaluation of existing resources and program activities, and building a system of housing and services that addresses those needs. This mission will be pursued through the development of long-range plans to prevent and end homelessness in the geographic area, as well as the coordination necessary for successful implementation. The objectives of the CoC include the following:

- Promote development of adequate funding for efforts for preventing homelessness, rapidly re-housing homeless persons, and stabilizing their housing;
- Maximize potential for self-sufficiency among individuals and families experiencing homelessness;
- Promote full access to, and effective use of, mainstream programs.

The Funding Committee is responsible for coordinating the annual application to HUD. In this capacity, it reviews all documents from the previous funding round; sets a schedule and time line for the current funding round; develops and edits forms for new project and renewal evaluations; develops ranking criteria; collaborates with the Data Management, Collection, and Outcomes Committee, as necessary; and provides ranking reports to the CoC. In addition, in order to increase CoC-wide performance, ensure the strategic use of HUD funds, and develop new resources, this Committee will also be charged with developing the CoC's reallocation strategy. This includes setting policy to make any funding cuts or allocate new resources, based on the NOFA for the Continuum of Care.

Cambria County also receives ESG funds through PA-DCED, which are administered by the Cambria County Redevelopment Authority and distributed to agencies in the county helping the homeless and those at-risk of homelessness. ESG funds were distributed to Catholic Charities, Blair County Community Action, and Cambria County Community Action.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including**Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

The Continuum of Care completes a regular “Point in Time Count Survey” each January to determine the number of homeless individuals and families in the Eastern Pennsylvania Region. Based on the Point In Time Count (PITC) conducted during January 2020, the following numbers of homeless persons were reported in Cambria County:

- **Unsheltered** - 3 individuals, 0 families with children, and 0 children only
- **Transitional Housing** - 8 individuals, 1 families with children, and 1 children only
- **Emergency Shelter** - 8 individuals, 2 families with children, and 0 children only

The CoC uses a complete census count for its sheltered PITC, using both Homeless Management Information System (HMIS) and interviews of sheltered persons to gather population and subpopulation data. In most cases, the PITC is primarily conducted as a service-based count or only in known/probable locations (i.e. downtown corridors, main street areas, town squares, truck stops and other 24/7 locations). HMIS was used to collect PITC data for ES and TH providers with strong data quality. HMIS is the preferred method, however, only 55% of all sheltered beds are HMIS participating. In order to ensure that a complete census count was conducted, the second data collection method, sheltered interviews, was required.

The unsheltered count was conducted on a single night throughout the CoC’s 33-county geographic area. Each county had an identified coordinator who organized the county-level PIT planning. As a result, some counties did a complete canvas, while others focused on the most populated sections of the county or only known locations. Due to the CoCs large size and rural nature, a service-based count was conducted in some counties with locations known to be frequently utilized by persons experiencing homelessness. To prevent duplication, survey forms asked if a household was previously surveyed that night. Each county determined their methodology based on the prevalence of unsheltered homeless, the size of the county, volunteer availability, and weather-related factors (snowfall, cold). Search areas excluded mountains, forests, and extremely remote areas. In the most remote areas, some counties developed partnerships with state police and park rangers, who notified a designated contact if someone was identified as unsheltered. Unsheltered homelessness is not common in the mostly rural CoC, with nine (9) counties reporting zero unsheltered persons, and another sixteen (16) reporting 10 or less unsheltered persons. The unsheltered count in Cambria County was three (3) persons, which was an decrease from five (5) unsheltered persons in 2018.

There was two (2) Chronic homeless person identified in Cambria County on the night of the PITC, was a

slight increase from 2018.

Supportive Services for Veteran Families (SSVF) providers conduct the most widespread outreach throughout the COC. A by-name-list has been created through the Veteran subcommittee of the CoC, which is used to track Vets in the region. Resources provided through the United States Department of Veterans Affairs are used to rapidly rehouse any Veterans identified. There were 0 homeless Veterans identified Cambria County on the night of the PITC, which was the same for 2016, 2017, and 2018.

Cambria County also receives ESG funds through PA-DCED, which are administered by a partnership of Cambria County Behavioral Health and the Greater Johnstown Landlord Association. These organizations distribute funds to agencies in the county helping the homeless and those at-risk of homelessness. ESG funds support outreach in Cambria County.

Addressing the emergency shelter and transitional housing needs of homeless persons

Since the City of Johnstown doesn't receive Emergency Solutions Grants, it works as a partner in the Continuum of Care process to address the needs of persons who are not homeless but may be at risk. The Redevelopment Authority of Cambria County administers the ESG (Emergency Solutions Grant) for Cambria County. However, the Redevelopment Authority of Cambria County will no longer administer the ESG funds during the next funding cycle, though the grant administrator is to be determined based on responses to an RFP released by the Cambria County Commissioners in FY 2018.

Catholic Charities of Cambria County received Emergency Solution Grant funds to operate the new Martha and Mary House homeless shelter in Dale Borough. The shelter was built with Cambria County CDBG funds, ESG funds, State PHARE (Pennsylvania Housing Affordability and Rehabilitation Enhancement) funds, and Cambria County Affordable Housing Trust Funds. The shelter has been operating since the beginning of March 2015, with four (4) bedrooms offering a maximum occupancy of fifteen (15) residents. Utilization of the shelter has increased by 35.5% from FY 2017 to FY 2018. Martha and Mary House provides temporary housing, individualized service plans for success, and case management services to homeless men, women, and families in Cambria County for up to 30 days (those with a history of violent or sexual crimes will not be admitted; priority will be given to Cambria County residents). Portions of the funding for the program come from private, State, and Federal grants, but ongoing community support will be required to maintain the program. In FY 2018, the PA-HMIS data reported that a total of one hundred and three (103) clients, including eighty-six (86) adults and seventeen (17) children were served at the shelter. The City of Johnstown and Cambria County participate in the Emergency Shelter Committee, which has about twenty-two (22) agencies represented, to continue an ongoing conversation with Cambria County human services stakeholders on the needs of the homeless population and the available resources to help support the population's community re-integration from the shelter setting.

The Women's Help Center provides shelter for women, men, and their children who are victims of domestic violence. In FY 2018, the Women's Help Center assisted approximately 162 people with shelter,

including 94 adults and 68 children, for a total of 2,381 nights. The Women's Help Center has identified a need for additional transitional and permanent supportive housing. With the help of the community, victims can learn about their different options, but many still face barriers to receiving more permanent supportive housing. The Women's Help Center did not receive FY 2018 ESG funds.

No agencies in the City of Johnstown received Balance of State Continuum of Care funds from the FY 2020 CoC NOFA. There were no new projects funded in Cambria County.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Using HUD System Performance Measure Guidance, the HMIS Lead developed a CoC Performance Report with metrics for "Length of Time" Persons Remain Homeless (LOT) and reviewed this data with the CoC Data Committee which meets quarterly to review CoC Performance and identify needed interventions. In 2015, the LOT in Transitional Housing was 317 days. As such, the CoC reallocated all Transitional Housing projects in FY 2016 and FY 2017 allowing for significant expansion of Rapid Rehousing and Coordinated Entry.

HMIS is used to monitor and record returns to homelessness, which is monitored through the Data Subcommittee each quarter. The CoC is significantly increasing Permanent Housing resources through reallocation and Permanent Housing bonuses, which will assist those exiting shelters.

Severity of need is taken into consideration in prioritizing people experiencing homeless. This is determined in a number of different ways in the ranking criteria. Specific vulnerabilities considered included chronic homelessness; most significant health and behavioral health needs; youth; and victims of domestic violence. CoC policies require all Permanent Supportive Housing (PSH) projects to prioritize beds to those with the greatest LOT, but some PSH projects have had very little turnover since the adoption of policy. As a result, the level of vulnerability within PSH projects may widely vary. To adjust for this discrepancy, the ranking included a question measuring "severity of need" based on the vulnerabilities from the Annual Performance Report to HUD. This question asked about additional criteria relevant to vulnerability, including not scoring victims of domestic violence on recidivism, and scoring youth differently on employment outcomes.

2-1-1 Human Services Helpline

The United Way of the Laurel Highlands has its free 2-1-1 Human Services Helpline is available twenty-four (24) hours a day, seven (7) days a week in Cambria and Somerset Counties. The helpline offers up-to-

date resources to callers looking for utility, financial, and rent assistance; housing and shelter assistance; food assistance; drug and alcohol treatment and support; medical assistance; transportation; and other related information.

Chronic Homeless

The CoC has prioritized reducing chronic housing. As such, all Public Supportive Housing beds are dedicated to the chronically homeless. PSH beds are located throughout many of these 33 counties, however, the majority of chronically homeless households are concentrated in a small number of counties. While the procedures outlined in the CoC's PSH prioritization policy require all projects to advertise available PSH beds, logistics and client choice often result in the bed being occupied by the highest prioritized non-chronic household within the given county.

Veterans

The number of homeless veterans has been significantly reduced throughout the CoC over the years. This decrease has largely been accomplished through the extensive outreach efforts of Supportive Services for Veteran Families (SSVF) funded providers. Additionally, they participated in PITC efforts throughout the CoC in order to identify and engage any known and unknown Veterans. SSVF providers have developed relationships with a significant number of shelters across the CoC. They conducted outreach throughout the CoC in unsheltered locations as well as through partnerships with Emergency Shelter Programs, etc. The number of sheltered Veterans also decreased due to the Lebanon Veteran Affairs Medical Center's Domiciliary Care program no longer being included in the Point In Time Count (PITC). The CoC has also increased coordination through Vets@HOME technical assistance, which is a toolkit that provides information on best practices to identify and engage Veterans experiencing homelessness.

Victims of Domestic Violence

The CoC has adopted an emergency transfer plan, where victims living in scattered site housing requesting emergency transfers have their needs addressed as quickly as possible. Victims make contact with trained, trauma-informed, victim-centered Coordinated Entry operators and Managers. Coordinated Entry operators work in partnership with domestic violence centers while maintaining confidentiality of victims.

The Pennsylvania Coalition Against Domestic Violence (PCADV) prioritized its partnership with the CoC. PCADV is a state-based organization that acts as a funding conduit for domestic violence shelters and related organizations. The CoC acknowledges the need for a data driven system to show the permanent housing outcomes for survivors and the ongoing creation and implementation of permanent housing acquisition and retention through survivor-first services. The partnership between the CoC and PCADV

will prioritize funding the creation of this system.

Youth

The CoC's strategic plan includes the goal of reducing youth homelessness by 75% by 2022. In addition, the CoC will be providing quarterly training to share best practices for working with youth experiencing homelessness.

The CoC tracks the increases in total dollars dedicated to resources and bed increases set aside for homeless youth. With the addition of resources and beds dedicated to homeless youth, the CoC has also developed collaboration and education services and created additional discharge planning. Collaboration efforts include youth development and workforce development programs, the creation of a coalition among state education agencies to improve resources for youth experiencing homelessness, and partnerships with school districts across the CoC.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

In the Eastern PA Continuum of Care's Five-Year Strategic Plan to Reduce and End Homelessness (2017-2021), the CoC outlines the following goals and actions under "Strategy 1: Prevent and Divert Homelessness."

A. Evaluate and Improve Discharge Planning where Needed:

- Evaluate current discharge planning from these systems to help stem the flow of individuals leaving institutional settings and entering homelessness because they lack stable housing options.
- Research and provide information to other systems/organizations on effective discharge planning policies/procedures for individuals and households at risk of entering homelessness upon discharge, as well as information on available housing resources.
- Engage with statewide efforts to improve discharge planning policies across systems, emphasizing the need for permanent housing placement for those exiting institutions.

B. Increase Coordination of Homeless Prevention Sources:

- Assess the use of existing funding available for prevention and identify gaps.
- Coordinate funding (including ESG, HAP, PHARE) across the CoC so that resources are used effectively. For example, the CoC may decide to channel prevention resources to geographic areas

where emergency shelter access is limited, either due to wait lists or lack of shelter facilities.

- Investigate the use of tools, such as the Prevention VI-SPDAT, to help the CoC more effectively assess households requesting assistance.
- Ensure coordination of prevention activities with Coordinated Entry to increase the effectiveness of the system.

Furthermore, “Strategy 2” of the CoC’s Five-Year Strategy Plan focuses on the streamlining of the system and better coordination among housing and social services through the CoC’s Coordinated Entry System. Lack of resources, combined with the lack of a well-developed coordinated entry process, results in severe hardships for persons experiencing homelessness who often face long wait times to receive assistance or are screened out of needed assistance. Coordinated entry processes help communities prioritize assistance based on vulnerability and severity of service needs to ensure that people who need assistance the most can receive it in a timely manner. Coordinated entry processes also provide information about service needs and identify gaps to help communities plan their assistance and resources.

The CoC’s strategic plan includes the goal of reducing youth homelessness by 75% by 2022. In addition, the CoC will be providing quarterly training to share best practices for working with youth experiencing homelessness. The CoC currently funds three (3) youth-dedicated projects, all of which are located in the Lehigh Valley Area.

The CoC tracks the increases in total dollars dedicated to resources and bed increases set aside for homeless youth. With the addition of resources and beds dedicated to homeless youth, the CoC has also developed collaboration and education services and created additional discharge planning. Collaboration efforts include youth development and workforce development programs, the creation of a coalition among state education agencies to improve resources for youth experiencing homelessness, and partnerships with school districts across the CoC.

The following types of organizations in the Eastern PA CoC provide referrals to the Coordinated Entry Process: law enforcement agencies; hospitals; EMT/Crisis Response Teams; Mental Health Service Organizations; Substance Abuse Service Organizations; non-CoC funded Youth Homeless Organizations; school administrators/homeless liaisons; non-CoC funded Victim Service Organizations; Street Outreach Teams; homeless or formerly homeless persons; Coordinated Entry virtual and physical entry points; Veterans programs; and faith-based organizations.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

The largest housing problem in the City of Johnstown is affordability. According to the 2015-2019 ACS data, 58.7% of all renter households are cost burdened by 30% or more, 29.5% of all owner households with a mortgage, and 17.1% of all owner households without a mortgage are cost overburdened by 30% or more.

The City of Johnstown also experiences a lack of accessible affordable housing for the elderly and disabled. The housing stock is older and most single family residential structures are two stories in height, and therefore, are not accessible.

The City of Johnstown, Pennsylvania is an entitlement community under the U.S. Department of Housing and Urban Development's (HUD) Community Development Block Grant Program (CDBG). In accordance with the Housing and Community Development Act of 1974, as amended, each entitlement community must "affirmatively further fair housing." In order to "affirmatively further fair housing," each entitlement community must conduct a Fair Housing Analysis which identifies any impediments to fair housing choice. The City has prepared the FY 2020 Analysis of Impediments to Fair Housing Choice in conjunction with the FY 2020-2024 Five Year Consolidated Plan and Annual Action Plans. The impediments identified by the City include the following:

Impediment 1: Fair Housing Education and Outreach

There is a continuing need to educate persons about their rights under the Fair Housing Act and to raise community awareness to affirmatively further fair housing choice, especially for low-income residents, minorities and the disabled population.

Goal: Improve tenants and landlord's knowledge and awareness of the Fair Housing Act, related Laws, regulations, and requirements to affirmatively further fair housing in the community.

Impediment 2: Continuing Need for Affordable Housing

The median value and cost to purchase a single family home in Johnston that is decent, safe, and sound is \$41,500. About 6.72% of homeowners and 17.04% of renters in the City are cost burdened by more than 50% of their household income.

Goal: Promote the development of additional housing units for lower income households through new construction, in-fill housing, and rehabilitation of vacant houses, outside areas of low-income concentration.

Impediment 3: Continuing Need for Accessible Housing Units

As an older built-up urban environment, there is a lack of accessible housing units and developable sites in the City of Johnstown, since 87.3% of the City's housing units were built over 50 years ago and do not have accessibility features, and 28.1% of the City's population is classified as disabled.

Goal: Increase the number of accessible housing units through new construction and rehabilitation of existing housing units for the physically disabled and developmentally delayed

Impediments 4: Economic Issues Affect Housing Choice

There is a lack of economic opportunities in the City which prevents low-income households from improving their income and their ability to live outside areas with concentrations of low-income households, which makes this a fair housing concern.

Goal: The local economy will provide new job opportunities, which will increase household income, and will promote fair housing choice.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Johnstown's Zoning Ordinance does not distinguish housing type by occupants or income and does not place any restrictions on housing developed with a public subsidy. Group homes are permitted by special exception in R2, R3, TND, and H districts.

Group homes should not be considered as a "special exception" in the Multi-Family R3 District and the Traditional Neighborhood Development (TND) District. The group homes should be listed as a permitted use.

The 2011 Zoning Ordinance defines *family* as follows:

- A single person or two or more persons related by blood, marriage, adoption, guardianship, or any other duly-authorized custodial relationship; living together as a single cohesive and nonprofit housekeeping unit which shares common facilities; or
- Two unrelated people and any children related to either of them; or
- Any group of three unrelated people; or
- A group of not more than five unrelated people whom can be classified as "disabled" living together as a single cohesive housekeeping unit which shares common facilities as considered reasonably appropriate for a similar number of persons related by blood, marriage, adoption, or

guardianship.

Under section 105 Purpose of Community Development Objectives, the City should consider adding another purpose to the text as evidence that the City does affirmatively further fair housing. The following language is suggested:

Section 105

“This ordinance is also intended to affirmatively further fair housing in the City of Johnstown by: abiding by the provisions of the Fair Housing Act of 1968, as amended; promoting fair housing choice for all residents in the City; assuming the rights of all individuals that are identified as members of a protected class by the Federal Government; and prevention of discrimination in housing based on a person’s race, color, national origin, religion, sex, familial status, or handicap.”

Under Section 202 Definitions, the City should consider adding the following definitions and revising other definitions:

Section 202

Group Home: Revise the definition to state “A residential living arrangement for a group of more than five (5) ‘disabled’ persons not considered a ‘family’ by the City of Johnstown Zoning Ordinance.” This will bring the definition into compliance with the definition of family.

Fair Housing Act: Add a new definition.

Americans with Disabilities Act: Add a new definition.

Accessibility: Add a new definition.

Visitability: Add a new definition.

The City has been reviewing and revising its Zoning Ordinance on a regular basis and the last revision was in November 2013. These recommendations should be considered in the next revision and presented to the City Planning Commission for review.

The City has adopted the Pennsylvania State Building Code which contains the 2009 International Building Code Amendments.

Discussion:

The City of Johnstown has allocated FY 2021 CDBG and HOME funds for the following activities to affirmatively further fair housing:

- **Owner-Occupied Housing Rehabilitation** - Funds used for rehabilitation of owner-occupied housing on citywide basis. (CDBG \$150,000 and HOME \$182,688.75)
- **First Time Homebuyer Rehabilitation Assistance** - Funds for First Time Homebuyers to make repairs to their homes at the time of purchase. (CDBG \$150,000.00)
- **First Time Homebuyer Closing Cost Assistance** - Funds for closing cost assistance to help First Time Homebuyers at the time of purchase. (CDBG \$12,000.00)
- **Fair Housing** - Expanded fair housing outreach and education efforts, including production of a fair housing brochure; inclusion on the City's Department of Community and Economic Development website; a workshop of fair housing issues with neighborhood groups; the development of a supplemental handout for clients of local organizations; a fair housing testing program; and at least one annual training. This will be in cooperation with Southwestern Pennsylvania Legal Services, Inc. (CDBG \$10,000)
- **Sewer Lateral Line Replacement** - Funds will be used for residential sewer lateral line replacement for low income households. The City will match half of the costs up to \$1,000. (CDBG \$50,000)
- **CHDO Set Aside** - Funds will be used for the acquisition and rehabilitation of single family homes for re-sale to low-income households. (HOME \$36,537.75.00)

The three (3) major undertakings that the City of Johnstown plans to undertake in partnership with Southwestern Pennsylvania Legal Services to affirmatively further fair housing include the following:

- Continue to conduct community education events to audiences throughout the City, including public, community service providers, housing providers and local attorneys; initiate and develop a comprehensive outreach effort to the mental health providers within the service area; maintain a referral of complaints of discrimination; refer complaints to HUD and the Pennsylvania Human Relations Commission; and possibly a special event recognizing and publicizing Fair Housing Month.
- Continue to recruit and train new testers to join with existing testers in conducting single tests throughout the City for residential, accessibility, sales and lending or insurance discrimination; maintain referral of complaints of discrimination, review complaints made and litigate appropriate complaints in state, federal, and administrative courts; and conduct educational outreach meetings throughout the City.
- Expand the presence and availability of educational materials, handouts, and/or flyers related to fair housing and discrimination.

AP-85 Other Actions – 91.220(k)

Introduction:

The City of Johnstown has developed the following actions planned to: address obstacles to meeting underserved needs, foster and maintain affordable housing, reduce lead-based hazards, reduce the number of poverty-level families, develop institutional structures, and enhance coordination between public and private housing and social service agencies.

Actions planned to address obstacles to meeting underserved needs

The City of Johnstown will work to address these obstacles through the agencies and programs to be funded in FY 2021. Some of the activities to address these obstacles include:

- **Owner Occupied Housing Rehabilitation Program** - The City will continue to fund this program that provides CDBG and HOME funds to rehabilitate owner-occupied housing for low-income families.
- **First-Time Homebuyers Rehabilitation Assistance** – The City will continue to fund this program to rehabilitate single family residential units that are occupied by and affordable to low-income families. This program will use CDBG funds to leverage local bank participation. Local lending institutions are participating in this program by offering first mortgages at below market interest rates.
- **First-Time Homebuyers Closing Cost Assistance** - The City will continue to fund this program to assist single family First Time Homebuyers with closing cost assistance at the time of purchase.
- **Public Service** - The City will continue to fund this program to assist homeless individuals.
- **Fair Housing** - Expanded fair housing outreach and education efforts, including production of a fair housing brochure; inclusion on the City's Department of Community and Economic Development website; a workshop of fair housing issues with neighborhood groups; the development of a supplemental handout for clients of local organizations; a fair housing testing program; and at least one annual training. This will be in cooperation with Southwestern Pennsylvania Legal Services, Inc.
- **Sewer Lateral Line Replacement** - Funds will be used for residential sewer lateral line replacement for low income households. The City will match half of the costs up to \$1,000.
- **CHDO Set-Aside** - The City will continue to fund CHDO Organizations to acquire and rehabilitate single family homes for re-sale to low income households in the City. In 2021, the City anticipates acquiring and rehabilitating one (1) low income unit.

Actions planned to foster and maintain affordable housing

During the FY 2021 CDBG program year, the City of Johnstown does not plan to fund any projects that will construct new units or provide any rental assistance. All the projects are open to the residents of the City.

The City of Johnstown will fund the following projects with 2021 CDBG and HOME funds:

- **Owner Occupied Housing Rehabilitation Program** - The City will continue to fund this program that provides CDBG and HOME funds to rehabilitate owner-occupied housing for low-income families.
- **First-Time Homebuyers Rehabilitation Assistance** – The City will continue to fund this program to rehabilitate single family residential units that are occupied by and affordable to low-income families. This program will use CDBG funds to leverage local bank participation. Local lending institutions are participating in this program by offering first mortgages at below market interest rates.
- **First-Time Homebuyers Closing Cost Assistance** - The City will continue to fund this program to assist single family First Time Homebuyers with closing cost assistance at the time of purchase.
- **Public Service** - The City will continue to fund this program to assist homeless individuals.
- **Fair Housing** - Expanded fair housing outreach and education efforts, including production of a fair housing brochure; inclusion on the City's Department of Community and Economic Development website; a workshop of fair housing issues with neighborhood groups; the development of a supplemental handout for clients of local organizations; a fair housing testing program; and at least one annual training. This will be in cooperation with Southwestern Pennsylvania Legal Services, Inc.
- **Sewer Lateral Line Replacement** - Funds will be used for residential sewer lateral line replacement for low income households. The City will match half of the costs up to \$1,000.
- **CHDO Set-Aside** - The City will continue to fund CHDO Organizations to acquire and rehabilitate single family homes for re-sale to low income households in the City. In 2021, the City anticipates acquiring and rehabilitating one (1) low income unit.

Actions planned to reduce lead-based paint hazards

Lead-based paint poses a particular hazard to children under the age of six, and is the focus of efforts by the U.S. Department of Housing and Urban Development (HUD) to raise awareness of the problem and mitigate or eliminate the hazard. Lead-based paint was banned in 1978, but housing constructed prior to that time typically contains lead-based paint to some degree. Lead hazards were addressed during housing rehabilitation efforts. All homes that received rehabilitation assistance were tested for the presence of lead-based paint. When evidence of the paint was found, the paint surfaces were removed and/or the material is encapsulated to prevent exposure.

Lead-based paint poses a particular hazard to children under the age of six, and is the focus of efforts by

the U.S. Department of Housing and Urban Development (HUD) to raise awareness of the problem and mitigate or eliminate the hazard. Lead-based paint was banned in 1978, but housing constructed prior to that time typically contains lead-based paint to some degree. Lead hazards were addressed during housing rehabilitation efforts. All homes that received rehabilitation assistance were tested for the presence of lead-based paint. When evidence of the paint was found, the paint surfaces were removed and/or the material is encapsulated to prevent exposure.

The City of Johnstown currently has four (4) contractors, employed by four (4) contracting firms who are certified by the PA-Department of Labor and Industry to perform Lead-Based Paint hazard reduction work. During the FY 2020 CAPER period, the City continued to operate two (2) housing rehabilitation programs with CDBG and HOME funds: the Owner-Occupied Rehabilitation Program, and the First Time Homebuyer Rehabilitation Assistance Program. The City performs risk assessments on all units under these programs regardless if there are children aged 6 and under or no children at all. If the unit has lead hazards, then the City used the lead interim control method to make the unit lead safe. The City required that contractors follow Lead Safe Work Practices on all projects that tested positive for LBP hazards.

The City of Johnstown entered into an agreement with the Pennsylvania Department of Health's Lead Hazard Control Program in FY 2017 for \$390,315.98 to provide lead hazard reduction work over the next three (3) years from July 1, 2017 to July 31, 2019. A total of twenty-six (26) homes are proposed to be completed over the two (2) year period. Of the total \$390,315.98 award, \$60,000 will be used for Healthy Homes interventions at \$2,300 per unit (which may differ on a case-by-case basis) for items such as radon, pests, electrical hazards, etc. There are twenty-nine (29) additional hazards that HUD recognizes as suitable for Healthy Homes interventions. Under the terms of the grant, the City will be required to complete thirty-nine (39) risk assessments and enroll at least twenty-six (26) families. In addition, the City must complete outreach and education to at least fifty-six (56) individuals. Outreach and education will consist of the City speaking to health care providers, child care providers, and neighborhood groups, as well as ensuring that the City contractors are current with their lead paint education. The Grant will cover outreach/education, travel, administration fees, and inspection fees, in addition to lead hazard control measures.

The units utilizing the Lead Hazard Control Program funding must have children under the age of 6 who either reside in the unit or spend a significant amount of time in the unit. As part of the Lead-Based Paint grant agreement, for every dollar of funds spent the City of Johnstown shall spend a 25% matching amount from local funds. The 25% match can come from CDBG funds being used specifically dedicated to and integrated into units on which lead-based paint hazard control work is being performed under the agreement. The City of Johnstown's housing rehabilitation programs (CDBG and HOME) follow these procedures. The City of Johnstown will document all matching fund expenditures in writing and submit to the Department on the required forms.

Actions planned to reduce the number of poverty-level families

Approximately 38.4% of the City of Johnstown's residents live in poverty, which is higher than the Commonwealth of Pennsylvania where 12.4% of residents live in poverty. Female-headed households with children under 5 years are particularly affected by poverty at 69.1%, and 63.2% of all youth under the age of 18 were living in poverty. This information is taken from the U.S. Census 2015-2019 ACS Five-Year Estimates. The City's goal is to reduce the extent of poverty by actions the City can control and through work with other agencies/organizations.

The resources and opportunities that the City has for reducing the number of families with incomes below the poverty line are limited. Since poverty is a function of income, its effect on housing opportunity and choice is apparent. Conversely, without adequate, stable housing, alleviating poverty is more difficult. Still, the means of addressing both issues are fragmented. Several structural barriers to poverty are addressed through different local policies. For example, the City has a policy that requires the employment of Section 3 households in construction contracts when possible.

More direct efforts to alleviate poverty by combining case management, social services job training, and housing assistance are becoming more common. City and County social service agencies have become more committed to the Continuum of Care models being introduced across the country. As these agencies become more proficient at providing services to the needy, the poverty rates will decline.

The City's anti-poverty strategy is based on attracting a range of businesses and supporting workforce development including job-training services for low income residents. In addition, the City's strategy is to provide supportive services for target income residents.

Planned economic development programs include:

- **EDS-1 Employment** - Support and encourage new job creation, job retention, workforce development for low- and moderate-income residents.
- **EDS-2 Financial Assistance** - Support the expansion, growth and new development of business and commercial enterprise through technical assistance programs, low interest financing and façade improvement programs.
- **EDS-3 Redevelopment Program** - Plan and promote the development and redevelopment of vacant commercial and industrial sites and facilities.

In City of Johnstown will fund the following anti-poverty projects with FY 2021 CDBG funds:

- Economic Development Technical Assistance
- Economic Development

Actions planned to develop institutional structure

The City of Johnstown's CDBG and HOME Program funds are administered by the City of Johnstown's Department of Community and Economic Development (DCED). The Department of Community and Economic Development ensures compliance with the program guidelines through monitoring of the sub-recipients. The DCED staff coordinates with the agencies to ensure that they perform in the time frame that is stated in their agreement. The DCED staff meets regularly with these agencies to promote coordination among these agencies.

DCED works with other City Departments to address infrastructure, recreational, code enforcement, and public safety needs. These partnerships have identified areas of need throughout the City, and helps the City address these problems.

Historically, the largest gap in the institutional structure was the lack of communication. The City of Johnstown is continuing to overcome this through communication and consultations with the following public and private organizations:

- **City of Johnstown, Department of Community and Economic Development** - oversees the CDBG and HOME programs.
- **Johnstown Housing Authority** - oversees the Section 8 Housing Choice Voucher Program, improvements to public housing communities, and the development of scattered site affordable housing.
- **Social Services Agencies** - the City provided funds to address the needs of low- and moderate-income persons.
- **Housing Providers** - the City provided funds to rehabilitate and develop affordable housing for low- and moderate-income families and individuals.

Each year, as part of the CDBG and HOME application planning process, local agencies and organizations are invited to submit proposals for CDBG and HOME funds for eligible activities. These groups participate in the planning process by attending the public hearings, informational meetings, and completing survey forms.

Actions planned to enhance coordination between public and private housing and social service agencies

Public Institutions: The City will act as a clearinghouse and facilitator for many of the activities described in the annual action plan. As the local unit of government, the City is empowered to apply for and administer certain types of grants. Support from the City, expressed as a certification of consistency or some other instrument, may be all that is required for some activities. Other activities will involve the more direct participation of the City for funding, acquisition of land or buildings, or in convening meetings of various agencies to iron out differences or strategies on how to seize opportunities. The City will

continue to administer the CDBG and HOME programs.

The Johnstown Housing Authority administers public housing and Section 8 Rental Assistance Programs in the City. This Authority is responsible for the management and maintenance of public housing units. The Housing Authority will continue in its efforts to modernize these public housing units in order to provide decent, affordable housing in the City.

Non-Profit Organizations: Non-profit housing agencies play a role in the implementation of this plan. Through the construction of new housing, and the rehabilitation of existing units, these agencies access financing sources such as the Low Income Housing Tax Credit, HOME funds from PHFA, and charitable contributions that increase the supply of affordable housing. While some groups focus on the rehabilitation of single units for resale to first time homebuyers, others have attempted to create assisted rental developments. In the future, the union of such groups with social service agencies that serve specific special needs populations will address the Five Year Consolidated Plan strategy for creation of supportive housing and affordable housing opportunities.

Social service agencies are a link between the provision of housing and the population it is intended to serve. The agencies work directly with providers of services to persons with special needs including: mental health, mental retardation, elderly, drug and alcohol addiction and families that are at-risk of becoming homeless. Although these agencies cannot provide housing, they can direct housing efforts where needed and are integral in the planning of housing and services for target populations. Emergency shelters, including the Women's Help Center, will continue to provide shelter for the homeless.

Private Industry: Several lending institutions cooperate with the City to provide first mortgage financing for first-time homebuyers that participate in the City's program to rehabilitate units that are substandard. Those lending institutions play an important role by providing financing that would not otherwise be available.

Discussion:

Monitoring:

The Monitoring Plan represents the City of Johnstown's strategy for overseeing the activities of entities that carry out CDBG and HOME assisted activities. The Monitoring Plan identifies the following:

- The organizations to be monitored
- The issues to be explored and the methodology to be utilized in conducting the monitoring
- Identification of the specific DCED staff members that will assume responsibility for monitoring
- The follow-up measures to be followed in communicating the results of the monitoring to affected organizations and the methods that will be utilized to obtain feedback from affected organizations

The CDBG and HOME monitoring will be carried out at two (2) separate levels. First, the City will conduct

an internal monitoring to review the homeowner rehab program and to ensure that the CDBG and HOME Programs are being administered in accordance with CDBG, HOME, and other federal regulatory and statutory requirements. Second, the City will conduct an external monitoring to review the activities of its sub-recipients.

The purpose of the City's monitoring efforts is:

- to identify and correct issues that prevent the City from achieving full compliance with the regulatory requirements of the CDBG and HOME Programs and other Federal requirements before deficiencies lead to HUD monitoring findings, and
- to learn more about the strengths and weaknesses of the various organizations that plays a role in the City's CDBG and HOME programs and to use this knowledge as the basis for structuring future CDBG and HOME activities.

Discussion

The City of Johnstown does not limit the beneficiaries or give preferences to a particular segment of the low-income population. The City assists on a first come, first serve basis.

HOME Match Requirements:

- The City's HOME-funded activities are limited to owner-occupied housing rehabilitation, which traditionally does not generate any HOME Match. There may be homeowner contributions by owners whose projects are HOME-funded, but where the cost for the work exceeds the funding limit of \$22,000. The spending of CHDO funds could also produce a HOME Match. The City of Johnstown has distressed status as a municipality by HUD, and the City has a 100% reduction in the HOME match requirement.

HOME Program Income:

- The City of Johnstown does not anticipate it will receive any HOME Program Income during this program year.

CHDO Organizations:

- The City of Johnstown has one (1) certified CHDO organization, which is Northern Cambria Community Development Corporation (NCCDC.)

CDBG Program Income:

- The City of Johnstown anticipates it will receive \$60,000 in Program Income during this program year through the repayment of loans made through the Housing Rehabilitation programs.

CDBG Percentages:

- Administrative Percentage: 19.7%
- Public Service Percentage: 4.2%
- Low and Moderate-Income Percentage: 80.9%
- Slum and Blight Percentage: 19.1%

HOME Percentages:

- Administrative Percentage: 10%
- CHDO Set-Aside: 15%

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2021, 2022, and 2023 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

RESALE - RECAPTURE

DRAFT

RESALE/RECAPTURE POLICY FOR THE CITY OF JOHNSTOWN, PENNSYLVANIA HOME INVESTMENT PARTNERSHIP PROGRAM (HOME)

It is the policy of the City, wherever possible, to recapture the appropriate amount of the HOME investment rather than restricting the sale to a qualified low income family that will use the property as its principal residence. The guidelines for resale or recapture for the homebuyer programs that the City has adopted is as follows:

1. Sale of Property Before the End of the Period of Affordability - The City's guidelines for resale and recapture are:

- The City will place a mortgage on the property in its favor for the full amount of the HOME investment.
- Upon sale of the home by the HOME assisted household before the period of affordability expires, the City will recapture its pro rata share of the HOME investment from the net proceeds of the sale.
- The City will determine the net proceeds by subtracting loan repayments and closing costs from the gross sale price of the home.
- The City will enable the homeowner to recover the amount of the homeowner's down payment, principal payments, and any capital improvement investment from the net proceeds.
- After calculating the amounts above, if the net proceeds are not sufficient to recapture the full HOME investment, the HOME investment amount may be reduced and prorated based on the time the homeowner has owned and occupied the unit, measured against the required affordability period of five (5) years.
- If the net proceeds are not sufficient to recapture the full HOME investment, the homeowner may not recover more than the amount of the homeowner's down payment, principal payments, and any capital improvement investment.
- The City will use HOME funds that are recaptured to assist other income eligible homebuyers.

In the event the mortgaged property is sold or otherwise transferred prior to the expiration period of affordability as established by the amount of HOME assistance received, from the date of the initial sale, then the pro rata share of the net proceeds from the sale or transfer shall be paid to the City of Johnstown.

The City may reduce the amount of the direct HOME subsidy on a pro rata basis for the time the homebuyer has owned and occupied the house, measured against the required affordability period. The resulting ratio would be used to determine how much of the direct HOME subsidy the consortium would recapture. The pro rata amount recaptured by the City cannot exceed what is available from net proceeds.

$$\frac{\text{Number of Years Homebuyer Occupied the Home}}{\text{Number of Years Period of Affordability}} \times \text{Total Direct HOME Subsidy} = \text{Recapture Amount}$$

The total amount payable by borrower under the preceding paragraphs shall never exceed the face amount of the note.

To the extent that the net proceeds are less than the outstanding principal balance of the note, the remainder shall be forgiven.

If the net proceeds are not sufficient to recapture the full HOME investment [or a reduced amount as provided for in 24 CFR Sub-Part 92.254 (a)(5)(ii)(A)(2)] and enable the homeowner to recover the amount of his/her down payment and any capital improvement investment made by the owner since the purchase, the City may share the net proceeds. The net proceeds are the sales price minus loan repayment (other than HOME funds) and closing costs. The net proceeds may be divided proportionally as set forth in the following mathematical formulas:

$$\frac{\text{Direct HOME Subsidy Amount}}{\text{HOME Subsidy} + \text{Homeowner Investment}} \times \text{Net Proceeds} = \text{HOME Recapture Amount}$$

$$\frac{\text{Homeowner's Amount of Investment}}{\text{HOME Subsidy} + \text{Homeowner Investment}} \times \text{Net Proceeds} = \text{Amount to Homeowner}$$
